

DK+ Marketplace International Shipping Checklist

This checklist is to help you understand the requirements for shipping internationally with the DK+ Marketplace. Please send this completed form back to MarketplaceOnboarding@digikey.com upon completion.

- You have confirmed that your company is able to provide a commercial invoice for international shipments
- Your products have been uploaded or submitted with the required ECCN & HTSUS codes *(required for international only)*
- You have determined that all your products can be sold into your chosen global regions or you have provided Digi-Key a list of products that cannot be sold, by region
- Filled out the shipping charges for each international region you want to ship to within the seller portal
- Choose the countries within each region you are willing to ship to *(see below page)*

Available Regions – Please Choose the Regions & Countries You’d Like to Ship To

If you do not want to ship to any countries within a region please leave it blank. Please separate individual countries with a comma. You may check “All territories” or “All available countries” checkbox if you would like to ship to every available country within that region.

The following countries are currently not available within the Digi-Key Marketplace: Switzerland.
